Countryside Focuses on Customer Service and Quality

Indianapolis, October 1, 2008: Countryside Enterprises, LLC today announced that they have signed an agreement with Laborers Local 120 as part of an aggressive new strategy to push into developing markets in the Central Indiana construction industry.

Countryside, a Woman-Owned Business Enterprise (WBE), has over 75 years of combined experience in hardscape landscaping including, design, sales, preparation, delivery, and customer service.

Countryside spokesperson, Cap Boso, says of the company's new partnership, "This partnership enhances our most basic principle of customer satisfaction. We have built a solid reputation through customer recommendations and will continue this long-standing tradition.
